

Cemetery Volunteer Opportunity

We have an opportunity for someone who would be willing to plot new sections and mark individual graves or opening prior to burial or foundation/monument work.

The new section marking is done at your convenience, and over a period of time. Individual grave marking takes roughly an hour, with plenty of notice provided.

Overall, the time commitment is flexible with others available to fill in if/when there is a conflict.

There are no special skills needed, and hands-on training is provided.

If you feel called to this ministerial and compassionate work, and are able to bend, kneel and like being outside, this may be a good fit for you.

With questions or interest, please contact Deacon Scott Wiese 262-375-6500, x 102 or swiese@stjosephgrifton.org. Thank you!
