

MRS JULIE DICH

5th Grade Instructor

A little bit about me...

I have been teaching fifth grade at SJPS since 2005 and I've loved every minute of it! When I started teaching, my son was only six months old and now he's graduating high school. Before coming to SJPS, I always wanted to teach the little ones, but now that I've been teaching fifth grade for so long, I absolutely love it! I live in Grafton with my husband, son, and cute, little dog Goldie. One of my hobbies is photography.

What is the best thing about being a teacher?

Seeing the lightbulb moments! I love when a student finally understands something I've been trying to teach them and they get such a proud, accomplished look on their face.

What word do you still have trouble remembering how to spell?

Onomatopoeia! I have taught that for so long and I cannot for the life of me remember to spell this complicated word. I should come up with a mnemonic technique to help me remember.

What is your favorite part about St. Joseph Parish School?

It's hard to choose because there are so many! Overall, I love how we are one big family at this school. K3 all the way through 8th grade, everyone genuinely cares for each other. I also love all of the fun traditions we've had over the years such as Pet Blessing, parents/teachers vs 8th graders volleyball game, whole-school bowling, and so much more!
