

SRA. KRYSTAL HAYES

Spanish Instructor

A little bit about me...

I have been a Spanish teacher for 15 years now. I have previously taught children as young as K3 all the way to seniors in high school. I have taught almost my whole career in Catholic Schools which has been a joy to do. I love being able to teach the faith within my own classes. I have 2 children, Olivia, who is in 6th grade, and Dominick, who is in 1st grade. My family and I live in Racine, Wi with our dog Taffy. I am a huge fan of the Milwaukee Bucks, and basketball in general. I enjoy singing and I am part of the choir at St. Matthew's.

What is the first thing you would buy if you won the lottery?

The first thing that I would buy would be a beach house in Naples, Florida. It needs to be within walking distance or golf cart distance to the beach! My family lives in Naples and I would love to be able to vacation there anytime I would like.

If you could take the students on a field trip to anywhere in the world, where would you take them?

I would take students to Argentina. I studied there and it was a magical place to visit. The culture is magnificent, who wouldn't love to learn about the Tango and eat Empanadas? There are so many wonderful parts of Argentina to see, that I think that students would really enjoy it.

Sra. Hayes is dressed up for El Dia de los Muertos

What is your favorite part about St. Joseph Parish School?

My favorite part of St. Joseph is that the people that make up this community are wonderful. From the moment I began teaching here the students, parents and staff were incredible, they were so welcoming to me. It feels like a family here which is pretty amazing. Students here enjoy learning and are not afraid to try new things which is such a blessing.
